

OXYGENATE ASSESSMENT EFFORTS

Presented to STAPPA/ALAPCO, July 24, 1995

- **Three main efforts underway:**
 - **Health Effects Institute (HEI)**
 - **White House Office of Science and Technology Policy (OSTP) Effort**
 - **EPA/Office of Research & Development Research Needs Project**
- **Timing of these efforts and "products"**

White House OSTP Effort

- **Reports related to these four major areas will be prepared by staff experts and will undergo various OSTP internal and external reviews this Fall**
- **After these reviews are complete, a final OSTP report will be transmitted to NAS for review**

Research Needs Project

- **This future research needs effort complements the HEI and OSTP efforts**
- **An information needs document is planned, which would be reviewed by agencies, industry, academia and others, and which will be further discussed at a meeting involving all interested parties**
- **The public meeting is expected to occur this Fall**
